

**Campaign for ASA Early Career Leadership:
Supporting the Next Generation of Leaders**

ASA Early Career Leadership Fellows

The ASA Executive Council has approved the establishment of a new fellowship program: *the ASA Early Career Leadership Fellows*. Selected Fellows must show commitment to ASA and to new endeavors that will both reward the Society and enhance their personal growth as future leaders.

The plan is to award two fellowships annually, each on the order of \$6,000, to support activities that enhance the Fellows’ leadership skills and/or potential within their profession and within the ASA, as proposed by the applicants themselves. Fellows retain the title of “ASA Early Career Leadership Fellow” for the remainder of their careers, and as this community of Fellows grows, they may be asked to assist with organizing ASA early career member initiatives and mentoring early career members in the future.

Fundraising Goals

The Acoustical Society Foundation Board has accepted the challenge of the fundraising campaign to support these Fellowships with a goal to raise \$300,000 between October 2017 and May 2019. Solicitations for donations are being made to all ASA members. We also invite participation by industry leaders in our fields.

The contribution categories shown here reflect the desire to provide opportunities for all ASA members, new and old, to contribute in a manner suitable to their means.

Contributions of any amount are now being accepted! Please visit the following link to make a donation using your credit card or PayPal account: <http://bit.ly/ASA-CAECL>

You may also send a check made out to the Acoustical Society of America, with a note that the donation is specifically for this campaign:
