

## Congratulations to New ASA Fellows Elected in December 2020

Kathryn H. Arehart

*For contributions to the understanding of auditory perception, hearing loss, and hearing aids*

Gregory Clement

*For contributions to transcranial therapeutic ultrasound*

Ewa Jacewicz

*For contributions to the understanding of spectral and temporal dynamics in speech acoustics and perception*

Joan A. Sereno

*For contributions to speech learning, perception, and production across individuals and languages*

Brian D. Simpson

*For contributions to speech perception, spatial hearing, and the development of auditory displays*

Pamela E. Souza

*For advancing understanding of the factors that affect an individual's response to hearing aid signal processing*

Daniel J. Tollin

*For multidisciplinary contributions linking acoustics, physiology, and behavior to the understanding of binaural hearing*

Matthew W. Urban

*For outstanding contributions to the field of ultrasonic assessment of biologic tissue properties*
