

Congratulations to the New Fellows Elected at the Spring 2021 Meeting

Kyle M. Becker
For leadership in ocean acoustics

Mark A. Bee
For contributions to understanding amphibian bioacoustics

Matthew J. Goupell
For advancing understanding of binaural processing in electric and acoustic hearing

Todd Hefner
For contributions to scattering and reverberation in underwater acoustics

Brent Hoffmeister
For contributions to the ultrasound characterization of bone

Adrian K.C. Lee
For contributions to our understanding of auditory attention

Subha Maruvada

For contributions to ultrasound metrology

D. Benjamin Reeder

For advancements in underwater acoustic propagation and scattering

Bradley E. Treeby

For contributions to computational modeling in biomedical ultrasound

Richard A. Wright

For contributions to understanding how phonetic variability impacts communication

Pavel Zahorik

For contributions to understanding auditory perception in natural environments

Pei Zhong

For contributions to shock wave lithotripsy
